### A NATIONAL SHAME.

It is a lard thing when a nation has to

gate that the women fled from the Ladies' out at each other !!

tives! such a National disgrace pass without censure would be almost criminal. Yet how to reprobate it fittingly is a question. The grave and reverend legislators have even though it be only a bit of colored glass,

If such intemperance of speech and conduct be not deemed sufficient justification for their expulsion from the body to which they belong and which they have disgraced, then the only condign punishment which fits the case would be punishment which fits the case would be shape of this one," giving him a speciment to have the Speaker ferule them and Send him to gather flowers which are blue. sland them in the corner.

Puerility and bad temper are unhappy qualifications in a Member of Congress.

### JOCKEY MURPHY.

Shady transactions on the turf are sire, and the imputation of which they resent as a slur upon their honor. It was to the interests of many that Firenze should not win in the handle p race at a dazed and aluggish man astride her in the race.

Hence the opinion which many entertain that Jockey Isaac MURPHY was such a practice. drugged on the occasion and, of course, by some one whose interest it was that

blush. And these United States of the face from the least of the day, and armerica must feel a burning flush of range an outdoor play stronged or plays. The play and satinate "smelly and recall the Writers were America must feel a burning flush of shame over yesterday's doings in Congress.

In the highest legislative body in the land man whom the citizens have empowered to care for the country's interests bandied such terms with each other as "liar," "loa'er," 'tramp." One worthy man progressed so far in his billings. thy man progressed so far in his billings- Encourage the children to gather flowers. leaves, grasses, roots, twigs, mosses and Gallery! Two others, after a hot inter- seeds, nuts, grains and fruits, pretty stones, change of ungentlemanly epitheis, struck | bits of marble, glass, or crockery, to watch the live insect and bird; any one of which may be- soose feathery sprays as high and lightly as And this in the House of Representa. come the nucleus of a story more wonderful possible. comment is unnecessary, yet to let try children may be interested in the various grains, so many have been or are just ready for harvest. Each child should have a place for these things which he gathers, behaved with the petulance of vulgar and be taught to classify and keep them in order. Even your little four-year-old will e delighted to compare leaves and flowers. Tell him some day, when he is tired of sitting, to run out and find five clover heads "as large or as red as this one;" six daisies ! "as tall as the one over there;" or as many leaves as he has fingers, which are "the

red or yellow. The same comparative study may be made of even the weeds by the roadside, should there be nothing else in your ricinity, and will all tend to open the eyes. If a child is trained to habits of observation. the habit of seeing a thing exactly as it is and of knowing afterwards how he has seen things for which gentlemen have no de. it, you have laid for him the foundation upon which to build all education.

Another way to develop this habit of right seeing is to bid the children to run swiftly past a city block, shop window, or garden Monmouth, and the probability of her that rapid glance. Get them to tell, in well bed, and then describe what they saw in doing so was notably lessened if she had formed sentences, what they saw in a walk or ride. The cultivation of language and the growing ability to take in surroundings quickly are other good results following

It is well to get the children interested in some long task, as making a farm-yard and Firenze should lose. Hence, also, the den, or the building and furnishing of a toy need of a thorough investigation into the house. A part of such work can be finished each day, bringing its own satisfaction, and The result of the inquiry seems to leave yet the completion of the whole be carried it an open question whether Munphy was over many days. All this building is imfuddled by the milk punches, which he portant because it emphasizes construction. admits drinking before the race, or was and that is a sure check upon destruction. corn flowers and black scabious do not force veloped by the environments pertaining their olor upon you. Spider liller, clemats to varying social conditions, was fully white and purple, late spinss are safe table explorted in the letters selected and purlished in THE EVENING WORLD.
The letter signed "B.," however

seems to express the whole essence of the matter, and to it is awarded the prize. Its theory—that young men do not marry because they do not leve-appeals con vincingly to the heart and judgment of every one; because, before the fires of true passion all objections to entering upon the e-ta's of marriage vanish like mist under the rays of an August sun. Following is the letter:

True marriage, we are taught to believe, s made in heaven. The basis of such i mair are is love, pure and simple, induced primarily by congeniality. Why young men do not marry is because

they have never chanced to meet that other ife, without which this life is incomplete. I do not affirm that all men marry simply do so in consequence of the lack of it; for, for whom he will strive until he win her.

The same idea is beautifully expressed in the lines by "G. H."

in the lines by "G. H.
Logic holds, and calm content
Makes the man au-terely wise;
Till lot she smiles; and cantion a frost
Meits in the sinshine of her eyes;
G. H.

There is much of sound, practical wisdom in the letter signed "Wife," which reads thus:

lu my opinion the reason why young men in women; especially is this the case in large Marguerite St. John, and her manager, cities. Second, poverty; or the fear of it, Mr. George M. to the Sck Baby Fund. The pretty little town of Mamaroucek, up in Westchester county, was recently

only seven years old, sold twenty-nine tickets of admission to the fair "all by her lonely," and the result of the euter-prise was proudly placed in the hands of The Eventso Would by these fair little Hariem misses in the shape of \$20 for The Eventso World Sick Rables' Fund, that \$20 will help to make herebyer.

# ENCOUNTER WITH BRIGANDS.

Two Brothers Captured and One Held for Ransom, but Escaped. Is sungular capture by brigands is reported from Italy. Recently two brothers, Simone and Giovanna Mascia, were returning home in a carriage from their estate near San Severo, in the province of

roggia, when they were stopped by two masked brigands, armed with guns, says the 5t. James' Greete.

The rudians demanded a ransom of 100,000 frames, but finally consented to take 40,000 frames in gold, which the sider of the brothers was to fetch at once from the town had other and the constituent. the town, his brother and the coachman emaining as he stages.
As a signal, on his feture. Simone was

to carry an open umbrells and a lighted cigar He so n reached San Severo and informed his family, who after some dear

informed his family, who after some delay advised the police.

Time pressed, and it was impossible to obtain more than 7,000 france in gold at that hour. The police arranged that Simone was to set out, lest the brigands had set a spy on his movements, but that at a certain spot a faithful servant was to take his place and the money and proceed to the rendezvons, followed at a short distance by a picket of carabineers. When the servant arrived a the appointed place his appearance aroused he suspicious of the brig nds, but he piaved his part so well that he gained time for the soldiers to come up.

his part so well that he gained time for the soldiers to come u.

The latter no sooner issued from the shadow of the trees than they were received by a lively his from the briganda. Without reslying to the fusiliade, however, for ear of hitting the servant or the two captives, the carabineers coursgeously accounced. Their brigadier was wounded in the leg and a desperate shirmly enued, but the brigands, who were well acquainted with the ground, finally secaped, leaving the captives behind them.
